Central Gulf South Natives for Your Environment

All of our plants, with the exception of a few noted exotics, are native plants grown for the Central Gulf South environment.

2024 is Louisiana Growers' last year with an anticipated closing date of June 30. Our availability reflects what we have on hand!

Thank you for 36 years in business! Keep the momentum going and Diversity Rules!

Key to Uses: B=Border, C=Constructed Wetlands, L=Local Ecotype, O=Ornamental, R=Raingarden, S=Street Tree, W=Wildlife

Botanical Name	Common Name	Size	Price (\$)	Count Now	Future Count/ Date	Fall Color/ Ever-green	Uses	Wetland Status*
WILDFLOWERS:								
<u>Gaura lindheimeri 'Whirling Butterflies'</u>	Beeblossom	2.5 qt	6.35	17			O,W	FAC
<u>Iris x species</u>	Louisiana Iris (bare-root mixed colors)	BR	3.00	185			C,L,R,W	OBL
<u>Saururus cernuus</u>	Lizard's Tail	2.5 qt	6.35	10			C,R,W	OBL
<u>Solidago rugosa 'Fireworks'</u>	Wrinkleleaf Goldenrod	2.5 qt	6.35	16			O,W	FAC
<u>Symphotrichum praealtum</u>	Willowleaf Aster	2.5 qt	5.30	35			L,O,R,W	FACW
GRASSES:								
<u>Juncus effusus 'Elfin Green'</u>	Soft Rush (compact)	1.2 qt	2.50	840			C,R	OBL

All plants are container grown and reflect approximate full volumes of the container. Prices are at our nursery and are payable at pick-up. Regional delivery is available via our truck or contracted service. Delivery by us requires a \$700 minimum order; freight is 12% of invoice total or \$120, whichever is higher.

DIVERSITY RULES!

*The wetland indicator status ratings is based on the US Army Corps of Engineers' 2020 Wetland Plant List for the Atlantic and Gulf Coastal Plain region.

OBL: Almost always occurs in wetlands (Obligate Wetland)

FACW: Usually occurs in wetlands (Facultative-Wetland)

FAC: Occurs in wetlands and non-wetlands (Facultative)

FACU: Usually occurs in non-wetlands, but may occur in wetlands (Facultative-Upland)

UPL: Almost never occurs in wetlands (Upland)
